

Typically
24-36 weeks

Therapeutic *day* Treatment

Targets young children typically 4-13 years old in need of support to reduce emotional, cognitive and behavioral problems. It provides powerful methods to restore children to their highest level of functioning. In our simulated social setting for up to 4 hours 5 days per week. The goal is to reintegrate our young friends back into their home or community based setting.

Can anyone call? Even a parent? YOU BET!

Play To Happiness

One-On-One Sessions

Include peer-to-peer support and assistance to develop self advocacy. Personalized sessions include: individual encouragement, self-advocacy, self-direction training, and peer modeling.

Role Playing

Scripted and unscripted puppet shows, dress-up, role reversal, and make believe to practice new behaviors and share personal feelings in a fun way.

Peer Play Groups

Learning to share experiences and feelings through group play. These self-guided and self-healing groups are for children to communicate through games, physical activities, athletics, and team play.

Art & Music Expression

Expressive therapeutic play using psychological aspects combined with art materials, chalks, markers, paint, instruments, singing, song expression, and rehabilitative entertainment.

NCC provides degreed behavioral specialists, licensed social workers, psychiatric, neurological psychological referrals, and support for children while they play their way to happiness.

True power comes from
great LEADERSHIP

A Lot Giving a Little
vs.
A Few Giving a Lot

Our Non-Profit Mission

Operating in Las Vegas since 1991, the mission of the Nevada Children's Center is to empower young victims of abuse, neglect, and mental afflictions by providing therapeutic day treatment, behavior modification, and in-home parenting resources in partnership with foster care and child protective advocates and agencies.

Our Logo Means

Red: Impulse Control/Attending to Tasks

Learn to stop, think, listen, wait patiently, sit still and process before acting out. Stopping urges to follow danger, start fires, or run away. Eliminating impulses to touch others.

Blue: Anger Management/Anxiety Control

Remaining calm like a blue ocean! Learn and apply new coping skills to handle frustrations and disappointments with patience and positive outlets. Eliminating verbal and physical aggression, destroying property,

Yellow: Socializing/Communication

Happy smiley face yellow is about socializing, interacting with peers without arguing, name calling, or vulgar words, and having fun. Attracting friendships and keeping them using kind words and mutual respect.

Green: Depression/Expressing Feelings

Green light go! Time to feel good about one's self, explore the world, and have a positive outlook on life. Learn to open up, share feelings, set goals, and focus on personal happiness.
